4) Reservations for Sunshine Shiloh Puppies: A \$500 Non-Refundable Deposit, is for insuring your position on a particular litter, although other arrangements may be made. The goal of Sunshine Shilohs is to improve the Shiloh Shepherd breed and our breeding program is carefully planned accordingly. Because of over breeding practices and too many unwanted puppies, by you placing a Deposit with Sunshine Shilohs this will determine when Sunshine Shilohs will breed another litter. We want to make sure our puppies are going to a good home for their entire life time. We will only breed when we have several commitments made and thus there will be absolutely no cash refunds of Deposits. No personal checks will be accepted for payment within 21 days of the delivery or pick up of your puppy from Sunshine Shilohs. Money order, cashier's check or cash will be accepted at any time.

- a) In the event that you have prepaid for a puppy and choose not to take it, your monies will be moved to the next available position on the next available litter.
- b) If for any reason you fail to take your agreed upon puppy when it is ready for shipment you will be charged a weekly boarding fee of \$50.00 for each week the puppy remains at Sunshine Shilohs until it is shipped to you.
- c) If we have a puppy that meets your requirements and at shipping time you decide for whatever reason that you prefer to wait for another litter, you will automatically forfeit \$100.00 of your Deposit. The remaining balance of your Deposit will be credited to you for a puppy from the next available litter.
- d) If for any reason the bitch that is being bred does not conceive, you will have the choice of moving to our next available litter or waiting for her next breeding.
- e) Sunshine Shilohs cannot always guarantee that a specific color, coat type, sex and temperament will be available in every litter. If any of the above do not meet your specific requirements in the litter which you have reserved your puppy, your deposit will be moved to our next available litter if you decide that you wish to wait to get what you specified.

5) To reserve your pick of a puppy is strictly based on a Deposit basis unless otherwise noted. First Deposit will go to first pick puppy, 2nd Deposit will go to 2nd pick puppy, etc..Sunshine Shilohs will determine by communicating with you what you are looking for in a dog and do our very best to meet these expectations. I will communicate with you from birth to find out what you want in a dog and compare this to what is in the litter. At 4-6 weeks of age we will narrow down as to what conformation, color, coat type and temperament you desire. Pictures will be made available of the puppies during this time as well, by the 7th week we should know which puppy is best suited for you. Final determination will be the Volhard Puppy Aptitude Test which will grade the puppies as to their temperament, socialization, sensitivity to touch, sound and light as well as their structure. This along with our observations will help us to place the best possible choice of puppy with you. You are always welcome to come and pick your own puppy out as your position with deposit on the litter allows.

- a) Sunshine Shilohs reserves the right to refuse puppy placement with any buyer at any time. This is the only time that the cost of your puppy may be refunded to you.
- b) Sunshine Shilohs as the Breeder & Co-Owner will decide which puppies may be Upgraded to breeding/show quality depending on the quality of puppy. No puppies with disqualifying faults as to the Shiloh Shepherd breed standard, any health problems as set out by the TSSR registry or temperament issues will be Upgraded to breeding/show quality.

6) Sunshine Shilohs reserves the right to refuse a sale to anyone. All puppies sold will be sold on a Co-Ownership Contract only with the Buyer and Breeder & Co-Owner will be named on any and all registry paperwork. If for any reason Buyer is not able to keep said puppy it will be given back to the Breeder &

Co-Owner and will not be given to any family member, person or taken to a shelter. Under no circumstances shall said puppy be given or sold to any institution for any form of medical testing.

7) Shipping or Delivery will be after the age of eight (8) weeks of age. Please be prepared to accept your puppy during this time frame and as soon as we can make arrangements we will ship or deliver your puppy.

- a) Your Sunshine Shiloh puppy will be shipped with complete health records including the veterinarian Certificate of Health, detailed care instructions, and a supply of current kibble to last few days. All of this will be discussed with you prior to this time of shipping.
- b) Scheduling flights is somewhat tricky and must be done with the best interest of the puppy being first and foremost so please be patient. We will do our best to arrange flights to fit your schedule as best as possible. Our first priority is to book a direct flight if possible, as this is better for the puppy. If due to weather problems, delays, cancellations, etc. sometimes last minute changes will be necessary to our shipping plans. We will maintain in contact with you as to: when, by which airline and all other details of shipment. Once puppy is safely on route you will be notified as soon as possible so that you may make the appropriate arrangements to pick up your puppy from the airport.
- c) Sunshine Shilohs will use counter to counter priority handling if at all possible. Each individual airline has their own name for this (*USAIR is PDQ, Delta is Delta Dash*) the airlines require these services to be paid in advance at the departing airport. This means that at least 10 days prior to shipping you must send to Sunshine Shilohs the full cost of shipping including any taxes and cost of shipping crate. Cost of shipping is dependent on how far puppy is travelling and size of crate required, remember as puppy gets older it will require a larger crate and be more expensive to ship.
- d) If you choose to send a crate to us for shipping we require it at least one (1) week prior to shipping date. A minimum size of 200 series, airline approved is usually sufficient, but will have to be confirmed by airline prior to this. Your crate must also have food and water cups as required by federal aviation law. If your crate is not clean, complete and in good physical condition, Sunshine Shilohs will not use it and it will be your responsibility to cover any shipping costs to get your crate back. You will also be responsible to cover the cost of the new crate that was used to ship your puppy out to you.
- e) If at all possible and both parties are agreeable Sunshine Shilohs will deliver your puppy to you at a location and time that will be agreed upon by both parties. You will be responsible for covering a pre-determined delivery fee that must be paid by cash, cashier's check or money order upon delivery of your puppy.

8) Females: If your female is deemed by Breeder & Co-Owner to be of breeding/show quality and the Upgrade Fee is paid in full to Breeder & Co-Owner and all TSSR registry breeding requirements are met and passed the Breeder & Co-Owner will amend this contract and the puppy will then be issued a Breeding Certificate.

- a) Her first breeding will be to a stud dog that is agreed upon by both parties. If both parties cannot agree on a stud dog, then Sunshine Shilohs reserves the right to choose the stud that it feels will be the most beneficial stud towards the betterment of the Shiloh Shepherd breed.
